

Silent Bid Buddy — Tester Invites

Two ready-to-send messages. Copy each block into a text to the right group.

RYAN'S REACH — LINDY, JAX & BERTHA

Hi Lindy, Jax & Bertha! 🧡

Thank you so much for helping us test our new silent-auction app, **Silent Bid Buddy**, before we use it for a real Ryan's Reach event. You're some of the very first people to try it, and your honest reactions are exactly what we need.

A few things so you know what to expect:

- It takes about **20–30 minutes**, and it's best done **together** — hop on a group call or be in the same room, because part of the fun is bidding against each other.
- Everything is **guided step-by-step** on one page — you won't have to figure anything out.
- You'll sign in with your **name, phone number, and email**, and we'll text you a 6-digit code (totally normal — that's just how it verifies you).
- One of you plays "**organizer**" and taps **Start the timer** when everyone's ready, so the auction runs for a set time (say 30 minutes) and then closes on its own to reveal the winners.
- **About payment:** so you can test the real checkout, whoever wins pays with a **real card — but you'll be charged exactly \$1**, no matter what the item "sold" for. It's a genuine \$1 charge just to prove the payment works. Nothing more.
- There's a quick **feedback box at the end** — tell us anything that broke, confused you, or felt good.

Here's your link (everything's inside it):

<https://silentbidbuddy.peoplestar.com/try-ryansreach.html>

Thank you three so much — this is a real gift to us. 🙏

PEOPLESTAR ENTERPRISES — KIM & CJ

Hi Kim & CJ! 💙

Thanks so much for helping us test our new silent-auction app, **Silent Bid Buddy**, before it goes live for PeopleStar Enterprises. You two are among the first to try it end to end, and your feedback really matters.

Here's what to expect:

- It takes about **20–30 minutes**, and it works best if you do it **together** — on a call or side by side — since part of it is bidding against each other.
- The whole thing is **guided step-by-step** on one page; nothing to figure out.
- You'll sign in with your **name, phone number, and email**, and get a **6-digit code by text** to verify — that's expected.
- One of you acts as the **"organizer"** and taps **Start the timer** when you're both ready, so the auction runs for a set time (e.g. 30 minutes) and then closes automatically to show who won.
- **About payment:** to test the real checkout, the winner pays with a **real card — but is charged exactly \$1**, regardless of the winning amount. It's a real \$1 charge just to confirm payments work, nothing more.
- At the end there's a quick **feedback box** — tell us what broke, what confused you, and what you liked.

Here's your link (it has everything):

<https://silentbidbuddy.peoplestar.com/try-peoplestar.html>

Thank you both so much — we really appreciate it! 🙏
